Liquor Store Clerk 'Plays Possum' To Save Her Own Life In S.V.

by Betty Seymour Robinson

Mrs. Charles W. Smith, who was held up in daylight October 24, at her liquor store at 9727 Campo road, Spring Valley, believes the fact that she "played possum" and feigned unconsciousness, is the only thing that saved her from being killed by a young, but viciously determined young man.

Reviewing the occurrence Mrs. Smith told this reporter:

that she was taken by surprise when she turned around and found a young man about 5' 10", nice looking, but with an expression in his eyes that boded no good. "He ordered me to put the money from the cash register in a bag," she said. "When you are alone without a weapon, looking into a double-barrelled shotgun leveled by a person with a look in his eyes that says he would as soon shoot you as look at you, you don't argue. I got out the money and put it in a bag. He seemed to be mad because that was all I had, and when he ordered me into the back room and to lie down, I did it. I turned around to lie down and then I felt this blow on the back of my head. After he hit me two more times I felt that my best chances of not being killed was to lie still and pretend I was out. He looked at me for a minute and then I heard him go out. I raised up and saw him dash out to this automobile and drive out of the parking area in a rush."

SUSPECT ARRESTED

A man registering as Kenneth Paul Sullivan, 23, of 3328 Bayside Walk, S.D. was arrested at San Luis, Sonora, Mexico, south of Yuma Monday.

He is wanted on a \$10,000 bench warrant issued after witnesses identified him as the suspect in S.V. liquor store holdup.

With him was a 16-year old girl companion.

money and put it in a bag. He seemed to be mad because that was all I had, and when he ordered me into the back room and to lie down, I did it. I turned around to lie down and then I felt this blow on the back of my head. After he hit me two more times I felt that my best chances of not being killed was to lie still and pretend I was out. He looked at me for a minute and then I heard him go out. I raised up and saw him dash out to this automobile and drive out of the parking area in a rush."

Through the positive identification of the robber by Mrs. Smith, and the cooperation of James S. Archibald, 4162 Tenth ave., San Diego, the Department of Crimes and Violence of the sheriff's office now knows who committed the crime, but as yet has not been able to get a line on him.

The robber, according to information from Archibald is Kenneth Paul Sullivan, also known as "Skippy" 23 years old, lived at 2338 Bayside Walk, S.D. The sheriff's files revealed he had been arrested at one time for possession of dangerous drugs. Archibald knew Sullivan and when word came of the robbery and escape in a blue Chevrolet corvette, he recognized the description as that of his car. He told the sheriff's investigator that Sullivan had told him he was going to Mexico with a Barbara Lee Dickson (16) and they were to

be married. Records of the juvenile department reveal that Miss Dickson is a foster ward of the San Diego County Juvenile Court.

The man had been seen by Rose Marie Fenton, 3272 New Jersey, Lemon Grove and Shirley Oldeman, 4133 Citradora, Spring Valley, employees in the beauty salon several dooms south.

Charles S. Kouns, working on a construction project nearby also had observed the Corvete with two persons when it left the parking area in a hurry and speeded east on Campo road.

Margie Montano, La Mar st. Spring Valley, said she had been in the laundry at 9717 Campo rd., south of the liquor store shortly before 2 p.m. and observed a Corvete parked in

Incorp. Returns To Be Given To Chamber Board Members Tuesday

Members of the Lemon Grove chamber of commerce voted in favor of incorporation by a score of 103 to 65 in the chamber conducted poll which was concluded late last week.

Edwin Koester, chamber manager, said that 390 postcards were distributed to business and civic leaders and chamber members. 176 were sent back. Two offered no vote and six favored annexation to San Diego.

The percentage was 61 to 39. Charles Hesser, chamber president, said that he would not take any position until after he had apprised the chamber board of the outcome at the regular board meeting Tuesday at noon at Michael's.

White Cane Days Drive Big Success

The Lemon Grove Lions Club reports that this year's annual White Cane Days, an event to raise funds for those needing eye care in this area, was even more successful than that of 1960. A total of \$555.50 was raised.

All Lions Club members participated and the majority of the money was collected by them on the spot in various busy locations here. The rest of the money was collected in the White Cane canisters.

Most of the care will be given through the office of optometrist Cal Nicholl, a Lions Club member.

Realtor Jim Pearce was this year's chairman. He commended Lions Club members for their work and cooperation. Member Pete Wood was accredited with the idea of painting the white canes on sidewalks. It was believed this aided the drive. Last year's total was \$150 less than this year's.

Council has a committee working on incorporation for the purpose of providing a local government to supply fallout shelters for the community.

"I have been in contact with members of county government and they inform me that Lemon Grove with its schools, water and sewer systems as they are, is in a good position to provide shelters through incorporation," he said Tuesday.

"Attorney Frank Armstrong is in charge of this facet of our operation and we expect him to have a well-organized report when we meet again November 20.

"He is moving his office from S.D. to Lemon Grove and will be able to devote more time to the project," Dr. McLaughlin added.

The DIMMER VIEW

by MAX GOODWIN

Let's Flex Our Air Arm

The 50-or-more megaton nuclear device exploded by Khrushchev's order earlier this week need not be a cause for despair to the anticarctic.

The United States Strategic Air Command bombers are capable of flying anywhere in the world. They are said to carry nuclear explosive force equal to 25 megatons under each wing.

We could cancel much of the fear and frustration among the world's free people if SAC would explode this 50 megaton package high over the cold wastes of the antarctic.

This would tell the world that the United States' invincibility has not deteriorated and that we can equal Mr. K's boasts of power. . . and deliver it anywhere.

Will Honesty Come To Welfare?

The noose is beginning to be tightened around necks of the bums who use the Aid To Needy Children program as a means of living on welfare handouts.

Pulling the knot tighter than anything since Newburg's brave, new attempt to put down welfare chiseling is an article in the current issue of READER'S DIGEST.

The article, written by Charles Stevenson reminds us again of what we already know—that the federal Health, Education and Welfare program with its matching funds device, contributes as much to the cause for chiseling as the people who produce illegitimate children for welfare income.

Simultaneously, State Senator James A. Cobey, D-Merced, chairman of the Senate Fact Finding Committee on Labor and

L.G. School To Mark Amer. Education Week With Series Of "Open Houses"

American Education Week, observed throughout the nation each year during the week in which Veterans Day occurs, involves all schools in the Lemon Grove district. From Monday, Nov. 6, through Friday, Nov. 10, parents and other residents are invited to visit classrooms during this annual "report time" for education.

General visitations are the big attractions at most of the buildings. Invitations urging parents to "drop in anytime" will be sent out by all elementary classes, and special demonstrations are scheduled at some schools.

Golden Avenue PTA meeting on Thursday evening features an "open house" complete with displays of children's work. San Miguel PTA sponsors a talk by Dr. James Ward, psychiatrist. San Altos has discussion of curriculum, testing programs, and report cards at its monthly PTA meeting on November 9.

Lemon Grove Junior High hosts the Lemon Grove Kiwanis Club on Wed., Nov. 8, at that group's luncheon meeting, according to Robert Sutton, principal and president. Both Lemon Grove Junior High and Palm Junior High, however, will hold their special back-to-school nights for parents the following week on November

16. This permits parents of elementary students to attend observances at both levels.

Theme of the 1961 American Education Week is "Your Schools: Time for a Progress Report." Individual daily themes include: Sunday, Testing Our Convictions; Monday, Deciding on Essentials; Tuesday, Working Together; Wednesday, Exploring New Ideas; Thursday, Saluting Good Teachers; Friday, Paying the Price of Excellence, and Saturday, Looking Outside Our Borders.

Members of the Lemon Grove District Teachers Association stated that "good things are cooking in today's schools." According to Harry Weisgerber, president of the local CTA chapter, place mats with this slogan will be made available to local restaurants. Posters inviting the public to school have been placed around the town by teachers, and that groups enthusiastically endorsed the observation which is sponsored nationally by the American Legion, the National Congress of Parents and Teachers, and the National Education Association.

The American public school system is unique in the world. Thirty-seven and a half million pupils, taught by almost one and a half million teachers, occupy about one hundred and thirty thousand buildings each

Kuchel To Make Important Talk In Lemon Grove

Thomas H. Kuchel, the U.S. senator from California, was in Lemon Grove Tuesday.

Kuchel was visiting Republican leaders in a hurry-up swing about the county.

At Lemon Grove he said that he would speak at a civic luncheon being planned for him within the next 90 days. It will be sponsored by bipartisan leaders of Spring Valley and Lemon Grove.

He said that the talk would be one of his more important ones and that his Lemon Grove appearance would be in place of a major meeting in downtown San Diego.

The exact date and the location of the affair will be made later by Kuchel's staff members.

CAMPFIRE GIRLS WILL HELP FUND DRIVE

District 8 campfire girls will aid in the United Fund Drive on Nov. 8 in Spring Valley and Lemon Grove. They will go door-to-door in this area.

Is S.V. Really Bigger?

by TOMMY THOMAS

Chet Smith, president of the Spring Valley Chamber of Commerce at their Monday night meeting, said that Spring Valley should be a whole lot larger than it is. He displayed a map of the 1880 vintage, showing the "township of Spring Valley." The Valley at that time showed Spring Valley as embracing part of El Cajon, part of La Mesa, all of Lemon Grove and part of San Diego almost to the bay. Some member, in a joking way, asked if we couldn't start proceedings to "try to get back what rightfully belongs to us." The map was a gift of the County Road Department to the S.V. C of C.

Wally Johnson, first vice president of the Chamber, gave a report on the "Mr. Big" meeting he attended recently. He said the "Mr. Big" move has been a big boon to San Diego County businesses and organizations. He said that we cannot survive without industry. He said that "Mr. Big" has already helped to bring industry in parts of San Diego County. He said the move is to

They told the deputy's unit which stopped them that they had taken it from in front of El Morocco Cafe in Lemon Grove on Oct. 21 and had been apprehended by the El Cajon police. They stated they had taken some beer from in front of an establishment in Lemon Grove and had this in their possession at the time the El Cajon police entered the picture. They were referred to the county probation department.

Official seating area for the special guests of the Spring Valley Second Annual Parade will be at Elkton Blvd. where a grandstand will be set up. Queen of the parade is Miss Spring Valley of 1961, Marlene Bates, who is a senior at Mt. Miguel.

HIGH SCHOOLS HOLDING OPEN HOUSE TONIGHT

The three high schools in this area—Helix, Mt. Miguel and Monte Vista—will be celebrating "American Education Week" by having open house this Thursday evening, Nov. 2 beginning at 7:30 p.m. Following a short PTA meeting, each of the high schools will throw open the classrooms so that the parents may "go back to school." Teachers will be on hand to answer any questions and student work will be on display.

The new Grossmont Junior College will have a few of its classrooms open on Thursday night also.

Playhouse To Be Delivered Just In Time For Christmas

A free child's playhouse and a community-wide holiday decorating contest became part of the L.G. merchant's plans for a merry Christmas this week.

Beginning November 24, tickets will be distributed by local business houses on which youngsters may register for the playhouse. The lucky youngster whose name is drawn will get the playhouse delivered to his home on Christmas Eve.

The house, big enough to house several growing children, will be on display in the plaza as soon as the Massachusetts Lumber Co. completes it.

The house will become headquarters for Santa Claus. Santa will start making daily appearances in the business district as soon as the playhouse is built.

Prizes will be given for most attractive Christmas decoration on local homes. To enter this contest the applicant may drop a note to this newspaper, giving the address of the decorations. The judges will visit every home making a request

to be judged. Local school bands, choral groups from churches and schools will also be holiday features here.

CASA DE ORO PROWLERS ARE 15-YEAR OLDERS

Two 15-year-old Spring Valley youths were charged with curfew violation by sheriff's deputies after they were found hidden in the rafters of an uncompleted Bank of America building at Campo and Conrad roads, S.V.

A fire started by the youths was stamped out by Deputy N. Rhodes.

The parents of the boys said that each believed their boy was staying overnight at the home of the other. They implicated two other teen-age youths in night-time prowling. Deputies believe several recent Casa de Oro prowling complaints will be cleared up when interrogation is completed.

U. S. BANK PAYS OFF LIKE SLOT MACHINE

SAN DIEGO—United States National Bank directors approved a fourth quarter dividend totalling \$112,500—bringing to \$430,000 the total in cash dividends paid U. S. National stockholders this year.

The sum is the largest annual dividend figure in U. S. National Bank's history, and is based on 25¢ per share paid on each share of U. S. National Bank stock now outstanding.

In January, 1961, U. S. National distributed 10,000 new shares in a stock dividend, on the basis of one new share for every 40 shares.

Little Twister Plays Trick At LG Home

A sudden miniature wind twister that apparently came out of nowhere and went nowhere else swooped down upon the Savary home at 8243 Jefferson st., Lemon Grove, about 1 p.m. Sunday, Oct. 29.

It lifted the aluminum roof from the patio, turned it partially around and put it down half on the roof of the house.

Mr. and Mrs. Edgar Savary live with their two girls, Mary Ann, 11½, and Teresa, 3½. They reported that damage was slight. Mr. Savary was at home when the little twister struck and Mrs. Savary was attending church.

MAIL BAG

Dear Editor: Now, perhaps, the hue and cry about the poor physical fitness of American youth will be stilled. As an American citizen and an ex-G.I., I point with pride to the fact that the United States Army has such extraordinarily high physical requirements that some professional football stars cannot meet them.

Of course, I must admit that times have really changed since the Army accepted me. I went in with a hernia condition, 20-50 (nearsighted) vision, and at 135 pounds. The Army saw fit to make me an infantryman, a tank commander, and later, a parachutist. It is most reassuring to now know that the Army has so raised its standards that even a professional football player cannot meet the rigorous requirements of a clerk-typist in a rear echelon service unit.

At any rate, it would have been unpatriotic to send San Diego's star quarterback away just when America is in a life and death struggle with the Russians to produce the best football teams. America's prestige in this area of international importance would have suffered greatly.

Gerald Rife

Lemon Grove

Dear Editor: In your "Dimmer View" editorial you said to the people of Lemon Grove and Spring Valley, "Let's Have the First Junior College Here!" The sites in Fletcher Hills and Jamacha that the Grossmont School board had been considering are each the same distance (several miles) from Lemon Grove. A basis for preference between those two sites, by Lemon Grove residents, would have been difficult to discover. Therefore if the proximity of either of them was unsatisfactory, the other one would be also.

However, despite the absence of any improvement in expectations, your October 5 editorial bore the admonition "School Issues Must Pass," with the demand "voters must give substance to the college district they found last year."

Then in your October 19 editorial regarding defeat of several different proposals that concern residents of Lemon Grove, you said in part: "earlier this month the bond issue for a junior college was defeated."

This brings up reasonable questions. What is the matter with us? Do we need none of these things? Are the proponents of a more orderly community a group of idiots?

Certainly we should reject ungod things. But the responsibility for approving the things needed for our well-being is even more important.

According to my observations, the results of the aforementioned junior college bond election in Lemon Grove are in accord with the ideals that you expound, but you have tendered neither the electorate nor your self with recognition of such success.

Many Lemon Grove citizens proudly relate that no school bond proposition has ever been defeated in their Lemon Grove School District. They are correct regarding Lemon Grove School District bond propositions. But the electorate in Lemon Grove has given less than a two-thirds favorable vote to all other school district bond propositions since October 15, 1957. Evidently they are willing to approve school bonds if the revenue from them is to be spent at home, which was the objective you were expounding in your aforementioned September 14 editorial.

The particular junior college building bond proposition that was on the ballot in the October 5 election was one of those "ungood things" that experienced the rejection that it deserved in Lemon Grove and in the Grossmont School District as a whole. The residents in Lemon Grove who need and want a local grade 13 and 14 educational program could have lost their opportunity for one if that proposition and carried. By its defeat, such an opportunity remains within the realm of possibility for Lemon Grove and other communities like it within the Grossmont School District.

Respectfully yours,

Dear Editor: The entire economy of San Diego county will be affected by our soon-to-be-built convention hall. Countless thousands of people will be attracted to San Diego County, including many delegates who would not have come to our part of the country, had it not been for excellent convention facilities. As a native-born Philadelphian, I was particularly inter-

ested in the feature article in a S.D. newspaper concerning Philadelphia's Convention Hall. It listed the seating capacity at 14,000. However, they failed to mention that additional chairs are placed on the floor for political conventions and other large gatherings, bringing the total seating capacity to somewhere around the 25,000 mark. Philadelphia provides a separate building for exhibition space. This shows good planning, despite the fact that their convention facilities are 30 years old and due for a complete overhaul.

When the Lions International Convention gathered in Atlantic City this summer, 34,000 delegates were on hand. However, there were plenty of seats, as their convention hall holds 40,000 people. Atlantic City's convention hall was built in 1926, some 35 years ago. We're presently faced with a multi-million dollar project which will provide us with a convention hall seating only 5,000 people. This would have been a woefully small facility 30 years ago. Why limit such an important project to a mere 5,000 seats? We are told that conventions are a billion dollar industry, and highly competitive. How competitive can we be with a peanut-sized convention hall that won't be able to hold its own against existing facilities in second and third rated cities? The big conventions, such as the Lions, Rotary, American Medical Association, Music Teachers of America and countless others will continue to send more than 25,000 delegates to cities with adequate facilities such as Miami, San Francisco, New York, Chicago, and Los Angeles. We'll still be left holding the bag. The finest potential convention site in America with hopelessly inadequate facilities.

Despite all the fanfare about how big we are and how great we're doing, I think it's time we took a practical view of this situation. It would appear that a few so called cheerleaders actually do not want big crowds, big conventions and a bothersome amount of money flowing into our area. What's underneath all this? Let's bring it out into the fresh air before it's too late, and we're left with a very costly white elephant.

Everybody wants a decent convention hall with ample parking. Nobody's saying "no." We're simply saying, let's get our money's worth.

Respectfully yours,
Thomas B. Smith

Dear Editor: When any member of our community performs above and beyond the call of duty I feel that it should be brought to the attention of the community for public commendation. Since we civilians do not bestow medals and pretty ribbons our appreciation usually takes the form of a letter and a plaque to be hung in the corner of the recipients home or office to gather dust. We too will send the letter and plaque, but we of the Lemon Grove-Spring Valley "Los Toros" Football Club feel that a much more public announcement of our gratitude is in order. If you will publish this letter in your "Letters To The Editor Column" we wish to publicly thank Dr. Thomas C. Webster of Spring Valley for his efforts in our behalf. This young doctor has opened his office at eight a.m. for the past three Saturday mornings to give free physical examinations to one hundred and ten boys of our "Pop Warner" football club. May the medical profession turn out more men of Dr. Webster's character and unselfish community spirit.

Golden Avenue School Holds Major Election

The right to vote and the responsibility of exercising this privilege is taught early in local schools nowadays. Two weeks of campaigning at Golden Avenue Elementary School were climaxed by a session of speech-making at a 9:15 a.m. assembly on Oct. 13. Then students voted on 12 candidates.

Office seekers began getting signatures on their petitions on Oct. 2. Twenty-five were needed before a student could run for office. The primary election resulted in the election of 12 candidates. Then they began inducing their classmates to vote for them, even using such gimmicks as free chewing gum to prospective voters.

In their last big speeches before the student body on that important Friday, the 13th, candidates enumerated their previous offices, such as junior patrolmen, safeties, office helpers and cafeteria cashiers.

Then the kids went to the polls and voted just as their parents do. A total of 240 ballots were cast. Six registrars

and poll workers were supervised by Mrs. Isle Hanning, student council advisor.

With the votes tallied, congratulatory word was sent out from the office of the principal and in a flash it was known in the farthest classrooms of the school that Craig Wollitz is new president, and that his staff is comprised of Tina Collier, vice president; Sandra Svalstad, secretary; James Wilber, treasurer and Dennis Foote, fire marshal; Foote had already been installed in office.

The student council will administer a budget of \$150. One of its first jobs is to set forth its constitution.

Grove Firemen Help Control VLM Blaze

The Lemon Grove fire department was called on a mutual aid fire on Oct. 27 which occurred at 4002 Paula st. in Vista La Mesa at 7 a.m. and did about \$200 worth of smoke and heat damage. Firemen set up smoke ejector devices to remove smoke from the house.

Another structure fire which the fire department investigated on Oct. 29 at 4:04 p.m. at 7151 North ave. was already extinguished upon arrival at the scene.

On Oct. 29 firemen were summoned to Highway 94 and Ryan Way shortly after noon to put out a fire in the motor of a 1954 Buick which started from an unknown cause.

Tumbling tumbleweeds and those not yet tumbling are in peril now. Anti-tumbleweed forces in Spring Valley are organizing to get at the root of the tumbleweed problem. The anti-tumbleweed feeling in Lemon Grove is running high but there is no mustering of forces here yet.

It is reported that the fire departments will be happy to burn large piles of tumbleweeds if tumbleweed foes will get the piles together.

Tumbleweeds can be a fire hazard, can look bad, and can even be a traffic hazard. One species is called "Russian Thistle."

The Sal Giacintos of 2730 Myra st. in Lemon Grove are hosting three visitors from Detroit. They are her father and two uncles, Andrew DiMaggio, one uncle, is a former attorney general of Michigan and uncle Sam is a retired executive of Plymouth Motors. The father, Simon, is a real estate man in Detroit. The group is acquainted with Sam Pernicano of Lemon Grove, a former employee of Plymouth Motors.

A versatile three-piece combo known as "Variations" started at Michael's House of Steaks in Lemon Grove on Oct. 31. They'll be putting out the best in music five nights weekly Tuesday through Saturday. The instrumentation is piano, drum-vibes and bass.

It may not be necessary to do something special for your cat during National Cat Week (Nov. 5-11) as recommended last week in this column, if you enter it in the first annual area Cat Show to be sponsored by the Pampered Pet Shop at 7920 Broadway in Lemon Grove. Your cat may win its own something special.

Trophies and prizes of merchandise from the Pampered Pet Shop are slated by owner Ron Gondek, who has recruited professional cat show judges for the event. He says there will be a new category which was thought up especially for non-fancy cats. Any household feline can be entered in the category. Of course the welcome mat is out for fancy cats too.

Burning Car Doused During Quiet Week For Valley Firemen

The Spring Valley Fire Department had a light week from Oct. 24 through 31. There were three fire calls answered, a first aid treatment given and three ambulance calls. An unattended car burned at the corner of Sweetwater road and Troy street on Oct. 27. The owner's name and the condition of the car were not obtainable as of this week.

Grease in a kitchen range broiler at the home of J. Wols, 1122 Elkton blvd. on Oct. 29, caused about \$15 damage to the range. On the same day there was a grass fire at Carlsbad and Delrose, near Lomita Village, just outside the S.V. Fire District. About 1½ acres were burned.

Sherry Madison, 1½ year old daughter of Mrs. Danielle Madison of 8715 St. George st., was

given first aid at Fire Station 3, on Oct. 25, after she was bitten by a dog. As of this week the dog had not been located. The dog is described as about a foot and a half high, white with black spots, shaggy with an all-black nose and a bushy tail.

Mrs. Roseanne Peart of the Sweetwater Lodge, Space 228, was taken to San Diego hospital on Oct. 26 after she became ill.

The S. V. ambulance was called to the Mt. Miguel football field on the evening of Oct. 27, when the Miguel-Granite Hills game was in progress. James M. Brunson Jr., 16, of 1730 Vista Way, El Cajon, a Granite Hills player was taken to Naval hospital after a probable neck injury.

Frank De Moor, 42, of 2922 Apricot Lane, was taken to Grossmont hospital on Oct. 28 after he received bruises and abrasions from his car door. A fireman who answered the call said that De Moor had been pushing his car (probably on one side of the car) to start it as it had a dead battery. The car door came open and knocked De Moor down.

The DIMMER VIEW

(Continued)

Welfare also charged that one of the basic reasons for failure of the Aid To Needy Children program has been the federal government's refusal to give to the states and counties administering the program the freedom to correct problems as they become apparent.

He cites articles in national magazines as performing a vital service by highlighting the abuses and failures of the program, and of the public's dissatisfaction with the manner by which it is now administered.

The county's district attorney and the board of supervisor's attempt to reduce fraud in county welfare earlier this year brought out all the bleeding hearts. The bloodiest of them all was the state, social welfare board which all but panicked. Bringing honesty to the county program would alienate the federal government and matching funds, the state board wept.

Back to the old, all-but-unquestioned program of handing out welfare funds went to the county program. Under it no welfare recipient may be asked what she did with the money, which makes it simple to spend it on some unrelated male living on the premises. Under it, no needy youngster may earn any money at all without it being deducted from the mama's welfare check. Consequently, she won't let him work. The latter kills ambition and discourages integrity in the younger generation while the former dulls the will of families to face up to moral and economic responsibilities.

It is a plain case of federal meddling making a disgraceful mess of welfare.

The Right To Question

There was a good object lesson in our question to a Spring Valley woman who trotted into the office with a large packet of material last week.

The lady, a stranger to us, asked brightly, "Do you want some material on communism?"

"Is it pro or anti?" we asked.
 She hit the ceiling after which she indignantly stated that we had no right to suggest she might be distributing commy literature.

We believe our question was entirely appropriate. There are those who will supply communist propaganda to newspapers, and worse, there are newspapers that use it.

The fact that the lady felt called upon to supply anti-communist material was prima-facie evidence that pro-communism abounds.

This publication must ask what tack material on communism follows because this newspaper does not waste a single line knowingly on the cause of communism.

Of course this type of pro-American thinking can bring charges of witch hunting. To such charges we can only point out that we prefer to stand by the side of J. Edgar Hoover, Walter Judd, Jim Uff et al. than to place our faith in the intellectual progressives who ridicule such safeguards as our House Committee on Un-American Activities and who would give our heritage to the Soviets without resistance.

Publication Of 'Collegian' Milestone For New College

Grossmont College took another stride toward status with the distribution of the first issue of a student newspaper, the Grossmont Collegian.

A four-page, adless tabloid, the Collegian will be published monthly during the first semester and will go weekly as soon as the size of the staff permits. Current policy is to carry no ads.

Coeditors for the fall semester are Helen McCormick, Lemon Grove, and William Ott, Lemon Grove. On the editorial staff are: Steve Stroud, Lemon Grove editorial page editor; Mary Woodruff, La Mesa, feature editor; Karl Trondle, La Mesa, cartoonist; and Jean Kraus, La Mesa, Lenita Maljan, Santee, and Donna Wynne, La Mesa, reporters, Gay Car-

Dick Rehard

SV Center's Union 76 Has Newest Features

The shining new and spacious Union 76 service station at Spring Valley Center has several new features which only the very newest stations have, according to manager Dick Rehard.

The four-pump gas station features a lube rack access from the Center parking lot rather than from the station's own driveway, doing away with congestion during busy periods at the station. Another new feature is the big front room of the establishment. It is devoted entirely to display of the varied accessories the station has available to customers.

Still another new feature is a special powder mirror and chair in the women's restroom.

Rehard said the lighting on the long arcade over the gas pumps is so bright that at night it's like daytime there. The station opens at 6 a.m. and remains open until 10 p.m. daily and Sunday. Rehard said business has been very good from the start.

Both Rehard and his assistant, Joe Farley, are mechanics. They offer minor mechanical repairs, such as engine tune-ups along with the regular servicing.

Members of the Bancroft PTA, Rehard and his wife, DeLores, live with their two children, Denise, 3, and Steven, 7, at 9025 Orville st. in Spring Valley Estates. Rehard plays golf as a hobby.

Farley, father of six children, presently lives in National City but said he intends to bring his family to live in the Spring Valley area after school is out.

Full-Time Job Office Opens At Jr. College

The first full-time student employment office operated by the State Department of Employment on a college campus is in operation at Grossmont College in Spring Valley, Floyd R. Ohs, manager of the Professional and Commercial Office of the California Department of Employment, announced this week. Arrangements for the office were completed recently with John Burdick, dean of student affairs of Grossmont, after the board of trustees of Grossmont approved the plan.

"As its primary function," explained Ohs, "the student employment office will operate to enable students to continue their education by getting employment in the local area. The office also operates to assist employers of our community to meet their personnel needs through the use of Grossmont students."

"We believe that by opening this full time employment service to the students of Grossmont we are contributing to the general welfare of the future leaders of our community, as well as the continued development of the local area into a dynamic part of San Diego County."

The office is located at 3230 Sweetwater Springs road. Hazel Enid of the department is available from 8 a.m. to 5 p.m. Monday through Friday to receive job orders from employers and to contact the students who are available for work.

Valleyite Becomes Aviation Cadet

Aviation Cadet Richard E. Pennick, son of Mr. and Mrs. Pennick of 2807 Bancroft st. in Spring Valley has been as-

Cadet R. E. Pennick signed to James Connally AFB, Texas for undergraduate navigator training.

Cadets in the navigator program receive basic, radar and celestial navigation training in T-29 aircraft, the Air Force "flying classroom." Students are awarded navigator wings and commissioned second lieutenants upon completing 38 weeks of training at James Connally AFB.

They are assigned for advanced training to man positions in Strategic Air Command, Tactical Air Command, or as operational navigators with Material Air Transport Service.

TEACHERS WIVES MEETING TONIGHT

Leitch Gets OK For L.G. Office Bldg.

SAN DIEGO (CNS) — Re-modeling plans to make an office building at 7303 Broadway, at the corner of Citrus avenue, Lemon Grove, were revealed lately before the County Planning Commission.

Art S. Leitch applied to the commission for a zoning variance, to allow construction six inches less than the required 10 feet on Citrus.

The committee that studied the site reported that the six-inch encroachment is for a screen block wall to cover the existing building.

The commission approved the variance but turned down another L.G. property owner's request for a variance.

Frederick Hansen applied for permission to make two building sites of land at the northwest corner of the Vista-Central intersection. His property has an area of 9,855 square feet. Zoning requires 6,000.

Hansen asked recognition as building sites for one parcel with 4,453 square feet and another 5,402 square feet but the commission turned down his request.

A third L.G. property owner was granted a variance against the recommendation of the commission committee that studied the site. Quentin R. Arbo sought permission to build 36 feet back instead of the required 50 feet, and five feet from his side line, instead of 10 feet. His property is at 3702 Fenwick dr.

The committee had reported that Arbo wanted to convert an existing carport into living quarters, but Arbo said the commission was misinformed. The commission then approved his request, but made a condition of his variance that three sides of whatever he builds be left open. Arbo agreed to the condition.

La Presa Street Improvement Bid Higher Than Expected

SAN DIEGO (CNS) — Bids came in Tuesday on a La Presa street improvement, drainage and sewer project more than 10 per cent above the engineer's estimate of \$584,430, and the County Board of Supervisors was not sure whether or not to ask for new bids.

Bertram McLees Jr., assistant county counsel, told Supervisors that they could not let the contract for the project without getting the approval of property owners in the area. Only two bids were received. Griffith Co. submitted an offer of \$670,748, and Ferry Bros. Materials Co. turned in one of \$698,039.

Supervisors put off for a week a decision on the action to take.

VLM 3RD GRADERS

RIDE CORONADO FERRY

Third graders in Mrs. Martha Whaley's class at Vista La Mesa visited San Diego Harbor last week as part of their social studies unit on the harbor and transportation. Assisting as chaperons were Mmes. I. S. Thompson, W. E. Jones, J. E. Carter, Fred M. Henry Jr., and John Parker.

Following a trip across the harbor by ferry, during which they observed ships and safety factors involved in harbor activity, they covered the shoreline by school bus. This enabled them to observe the U.S. Coast Guard Station, the U.S. Naval Training Center, and the loading of tuna.

Following the tour they embarked at Shelter Island for a picnic lunch. This presented an opportunity for pupils to observe and explore tide pool life and to gather shells.

Former Employee Of Paper Serving With Navy In Mid-East

Gerald W. Lyon, apprentice radioman, USN, son of Mrs. Mary Klein, of 743 Thayer st., South Spring Valley, is in the Middle East, according to a statement from his mother last week. He is aboard the USS Independence (aircraft carrier) and has been on duty in Lebanon and other nearby locations.

Radioman Lyon, who joined the Navy about three years ago, is a former employee of this paper. He also worked on two other papers while going to Hellix High School. His first assignment after completing his "boot" at Great Lakes Naval Training Center, was on the carrier USS Forrestal and he has been on duty in France, Italy, Spain and Greece. Buffet To Be Club's Birth-Day Gift

The fourth anniversary of Harvey's Club Venezia will be marked Wednesday with an evening buffet, it was announced this week by Harvey Gosse and Hank Allain, the club's operators.

A well-laden table will be set, smorgasbord style, from 8 'til midnight as a centerpiece for the celebration. Celebrants may help themselves during the celebration.

The buffet will supplant the regular menu for that evening, but with a major difference... there'll be no charge for it.

Need For Spiritual Discernment Stressed In Sunday Sermon

"Where there is no vision, the people perish; but he that keepeth the law, happy is he." This verse from proverbs (29:18) is the Golden Text of the Lesson-Sermon entitled "Adam and Fallen Man." Today's need for spiritual discernment will be emphasized at all Christian Science churches on Sunday.

In his first epistle to the Corinthians Paul declares, "Now we have received, not the spirit of the world, but the spirit which is of God; that we might know the things that are freely given to us of God. Which things also we speak, not in the words which man's wisdom teacheth, but which the Holy Ghost teacheth; comparing spiritual things with spiritual. But the natural man receiveth not the things of the Spirit of God: for they are foolishness unto him: neither can he know them, because they are spiritually discerned." (2:12-14).

"OUR GOD"

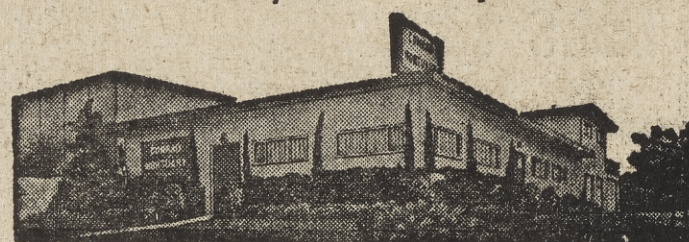

Our God is loving. There are many facets to the character of God. One of the most comforting is His love. Natural man is bent on destruction of himself and all he has, God reaches out for man in love. God does not come to destroy us but to awaken us, to our need and to draw us unto Himself.

SV Family Goes In And Out Of Communist East Germany

"We were treated nicely and with friendliness," said Mrs. Hans (Ingeborg) Eckert, of 3563 Hartzell dr., Spring Valley, recently in telling of a visit she and her husband and two daughters, Kristin, 14, and Seuglind, 12, made to East Germany.

The Eckert family trip and visit was from Aug. 27 to Oct. 27. Purpose of the trip was to visit Mr. Eckert's parents in West Germany, and to visit Mrs. Eckert's parents in East (Communist-occupied) Germany. Mrs. Eckert's parents are in Leipzig; her father, now

68 is still active and working at his trade of machine design. Mrs. Eckert hasn't seen her parents since 1945. She and her husband have been in America since 1947, and he has seen his parents twice on return trips to Germany since he has come to the United States. Of course this trip was the first time grandparents and grandchildren had met.

Mrs. Eckert said there was no difficulty getting in and out of East Germany; they merely had to show their visas going in and their passports and identifications coming out.

One of the highlights of the Eckert's Germany trip was a visit to Bavaria (in the south portion of Germany) where Hans and Ingeborg Eckert were married.

Mrs. Eckert said she and her family were intrigued by new buildings that have gone up since they left Germany after World War II. She recalled that there were many ruins caused by the war when they left. She said there still are a few war ruins but they are gradually being cleared away.

East Germany is concentrating a lot of effort in building up its athletic program, Mrs. Eckert pointed out. She said that recently a new stadium was built in Leipzig, with a seating capacity of 10,000. She and her family, Mrs. Eckert said, took a guided tour through a new physical education university and were amazed at the facilities.

Also, Mrs. Eckert said, East Germany has a high cultural life, with a lot of stress being given to the opera. She said it is difficult for a tourist to get opera tickets; students and local dignitaries get them first.

The Forshas have three children: Mrs. Fletcher (Carolyn) Harshman of the Vista drive address; Dean Forsha of Wiggins, Colo., and Major Dale Forsha (USA retired), of Kingsport, Tenn. There are 10 grandchildren.

Guest List Grows For Demo Dinner

Two more influential California Democratic leaders have been added to the list of honored guests for the November 4 Democratic Accomplishments Dinner, according to Harold McCormick and Harry Sugarman, co-chairmen of the event.

The dinner will be held in the International room at El Cortez hotel at 7:30. Tickets range in price from \$15 to \$100. The two leaders are Assemblyman Jesse Unruh, D-Los Angeles, newly elected speaker of the Assembly; and Assemblyman Robert Crown, D-Alameda, who succeeded Unruh as chairman of the Ways and Means Committee.

Other guests of honor include Governor Edmund G. Brown, Senator Clair Engle, State Attorney General Stanley Mosk, State Treasurer Bert Betts, and Richard Nevins, a member of the Board of Equalization.

State Senator Joseph Rattigan, D-Sonoma County, will be Master-of-Ceremonies of this fund-raiser.

L.G. MAN TO SUE ON CAR LOSS

Complaint was entered with the sheriff's department against Leslie Ray Brown and his wife in the auto repair business on El Cajon blvd. by Charles E. Stacy, 1639 La Corta, Lemon Grove. Stacy charged the Browns with taking his car from the driveway of his home on Oct. 25 and with musical instruments and music contained therein of the estimated value of 1,700.

Stacy said that a small claims judgment had been handed down against him for \$40.94 in favor of Brown on his automobile. Shortly thereafter Brown came to the house, demanded payment and when it was not immediately made, he jumped in the car with Mrs. Brown pushing it out of the driveway and down the street. Stacy claims he had no papers served on him or exhibited to him, and that the car was taken without his permission.

Stacy has placed the case in the hands of Howard Muhleman, attorney of Lemon Grove, for action.

Netherlands Scout Official Speaks Before SV Group

Margaret Melhado, head of the Handicapped Girl Scouts of the Netherlands, was guest speaker Oct. 19 at the meeting of the Spring Valley Girl Scout Neighborhood. The meeting was held in the Pals and Gals Clubhouse on Troy street with Mrs. Thelma Puterbaugh, president, presiding.

Miss Melhado, who showed colored slides of her work in the Netherlands, said she is in charge of 450 handicapped girls, many of them housed in a center at The Hague. Helping her are many volunteers who work hard with no pay. The center sees that the girls are educated, receive therapy and get plenty of recreation. Miss Melhado said many of the girls, when they first come to the center, are unable to use their hands, but with love and patience soon develop skills.

There is a camping program also set up for the handicapped Girl Scouts of the Netherlands, Miss Melhado said. She pointed out that in the camping programs the girls are given a feeling of nature, something shut-ins are unable to understand.

20,000 SCOUTS
Miss Melhado said the Netherlands now boasts a membership of 20,000 Girl Scouts. Here by invitation of the Girl Scouts of America, Miss Melhado is being sponsored by the Juliette

Lowe World Friendship Fund. Speaking of the Girl Scout program, Miss Melhado said that if adults around the world would understand each other as do the youngsters in the scouting program, there would be no problem in our struggle for world peace.

The neighborhood meeting prior to Miss Melhado's talk had to do with future events of the S.V. Neighborhood Girl Scouts. The subject of the S.V. Welfare was brought up and it was indicated that the girls' major project for the Christmas season will be the making of place mats and gifts as a community project, these items to be turned over to the welfare society to brighten the baskets which will be distributed to needy of the area at Christmas.

There will be an agriculture workshop the latter part of November so that the Girl Scouts may be instructed on the art of growing plants and flowers around the home. In other business, the S.V. neighborhood voted to have a float in the Spring Valley parade on November 4.

Exhaust control devices will be installed on all new vehicles purchased by the Army in a move to help curb air pollution.

DOWN WITH TUMBLEWEEDS!

Plant That Rolls Like A Ball Named Spring Valley Enemy Number 1

The increase in the crop of tumbleweeds (Russian Thistle) in the Spring Valley area has been so great that recently steps were begun to eliminate this obnoxious plant.

Howard Potts, chairman of the agriculture committee of the newly formed Spring Valley Kiwanis Club, said his committee will meet to discuss plans for "Operation Anti-Russian Thistle." He said the Kiwanis will spearhead the campaign, which may start soon.

Already the State and County Highway Departments have been contacted and have shown willingness to help out in the campaign, by clearing and burning the tumbleweeds along their respective rights of way. Also contacted was the Homeland Ministerial Assn. which voted to send a letter to the Spring Valley Chamber of Commerce, asking that body to back up the tumbleweed campaign and to use the month of November for the time.

FORCES JOIN

PTAs, scout units, church youth groups, women's clubs, Kiwanis and Lions clubs have been contacted and all have shown a willingness to cooperate. Spring Valley fire chief Frank Berger, said he does not have enough men to go out and clear away some of the weeds, but said his department will supervise the burning of the weeds.

People with large parcels of land in the area are being contacted and asked to cooperate in clearing the weeds from their land. All other residents of the area are being asked to make a special effort during November to help in getting

tumbleweeds cleared away from their property and burned.

Several people who are interested in the campaign have asked the question: "What shall we do about burning the weeds?" It has been suggested that it would be better to burn the weeds right at the site where they grew, as transporting the weeds can cause them to drop more seeds, causing another growth of the weeds next season.

ONE PER PERSON

"If every person in the Spring Valley area would make an effort to dig out and burn just one tumbleweed, it would be a big step forward in the elimination of the pests," Howard Potts said.

Potts pointed out that not only are tumbleweeds a fire hazard, but a traffic hazard as well. Just recently there was a traffic "tie up" on Campo road due to tumbleweeds on the road.

While the Spring Valley Fire Department can supervise the large-scale burning of the weeds, Chief Berger warns that smaller, individual piles should be burned during the legal burning hours in the Spring Valley Fire District; before 9 a.m. and after 6 p.m. Be sure to have a burning permit before burning anything, Berger said. Burning permits are available at any of the S.V. Fire Stations at no cost.

Watch out for merchandising awards or credit checks, warns the San Diego Better Business Bureau. Merchandise to which the credit checks are applied is usually marked up in price, so that the award or credit check is virtually worthless.

Spring Valley Really Bigger?

(Continued)

also help such communities as Spring Valley to obtain better zoning.

Johnson told of a recent seminar of transportation he attended, and said he learned the transportation problem in the Southern California area is "real bad." He pointed out that if all chambers of commerce in this area would band together that the cost of shipping goods could be reduced to a reasonable level. That way, he said, there will be more business and jobs created.

Reporting on roads and safety, Johnson said there are several bad holes in Spring Valley streets which need repairing and warned that motorists should be extremely careful about where they drive.

In other business, it was voted to have the S.V. Chamber underwrite the publication of the Public Affairs Report by the Institute of the S.D. State College.

Mrs. Mary Clark, who has been chairman of welfare for the chamber, and who is to move to Alpine, resigned from her chairmanship and in her place, Mrs. Fran Razzino was appointed.

Chet Smith, president, announced the appointment of the

following committee chairmen: Jesse Hodge, House; Legislation, Mrs. Charlotta Phillips; special projects, Cliff Pennick; publications, Mrs. Mary Cornwell; historian, Mrs. Eileen Smith; social, Mrs. Jim Eskridge; adobe restoration, Mrs. Jean Eskridge; business and professional, Frank Berger; by-laws, Don Freeman; education, Mrs. Rosalie Graham; roads and safety, Wally Johnson; auditing, Woodrow Fritz; public relations, Tommy Thomas; women's service, Evelyn Zabel; sanitation, Charles Lambert; budget, Dick Allen; membership, Bill Zabel.

LIQUOR LICENSES DISCUSSED

As Monday night's meeting was a bit lengthy, there were several issues that did not come up. President Smith said afterward that he has been receiving quite a few phone calls from the South Spring Valley area, requesting the chamber to take some action regarding liquor licenses in the South Spring Valley area. Smith said there are now 10 off-sale, package and on-sale licenses in that area and that the protesters think that is sufficient. Smith said the problem will be discussed at the next board meeting of the Chamber of Commerce, scheduled for Nov. 13.

Helix High Tromps Miguel; Takes Lead In Grossmont League

by BILL OTT

Helix High's high flying Highlanders gained a first place tie in the Grossmont League Football standings last Friday by thumping winless Mt. Miguel 29-0. The tilt matching the arch-rivals was played on the Helix field.

The Matadors muffed many scoring opportunities and were unable to contain the mixed offensive attack the Highlanders displayed. Bill Burnett opened the Helix scoring in the first quarter with a 25 yard field goal. Art Whaling then added a touchdown on a 35 yard run, and Burnett added the PAT for a 10-0 first quarter Helix margin. Both teams battled scoreless in the second quarter and the Scots moved into the halftime intermission holding a 10-0 lead.

Whaling added another Helix 6-pointer in the third quarter on a 7 yard pass from quarterback George Sherrod. Burnett added his second PAT of the evening for a 17-0 score going into the final period of play. Helix' remaining two touchdowns were scored by Keith Mortensen on a 1 yard plunge, and an a pass from reserve quarterback Tommy Van Dyke to Wilson covering 40 yards. The two tries for the PAT's failed and the Highlanders emerged with the 29-0 triumph.

The win was the second for the Highlanders over a Mt. Miguel grid squad in 5 years. Along with the victory went the Claymore, a Scottish sword given to the victor to keep in their trophy case until the next year.

Undefeated Helix hosts El Cajon Friday night while the Matadors play host to undefeated Grossmont in a Miguel Homecoming affair. The Matadors have never lost a Home-

coming battle, and will have to be up for this one in order to halt the offense tactics of the Foothillers. A standout on the Foothiller offense is quarterback Bill Young who is a fine passer and good runner on the roll-out keepers.

New Monte Vista Gridders Suffer 4th Straight Loss

The Granite Hills Roman Eagles, taking advantage of misguided passes, dealt the Monte Vista Monarchs their fourth straight loss on Friday, Oct. 27 at Mt. Miguel High School.

The Eagles first found their

way into the end-zone after Alton Carroel pulled in a stray pass on the Monarch 20-yard line. Monte Vista gave up ground grudgingly, but the Eagles got a first down on the 1-yard line, after which they scored when quarterback Tom

Roth plunged over the center of the line. The extra point attempt failed.

The Monarchs got their chance to score for the first time in League play when Red Westcott netted an Eagle pass and ran it to the 20-yard line. Two plays later quarterback Jim Raines hit fullback Sam Rubottom, who scored standing up. The extra point failed.

Neither the Monarchs nor the Eagles could move the pigskin anywhere until the fourth quarter when Eagle Chester Phillips gathered in a pass thrown by Raines and ran it 30 yards for a touchdown. The extra point was good. The game ended with the score Granite Hills 13, Monte Vista, 6.

SPRING VALLEY PARADE ON WAY

The big day for Spring Valley is Saturday, Nov. 4. From 6:30 to 9:30 a hotcake breakfast will be served in Mt. Miguel's cafeteria at 50 cents a person. At 10:30 a.m., the big parade, consisting of 75 entries, (bands, floats, cars etc.) will start down Elkton boulevard, from Noeline street to the parking lot of Mt. Miguel High School.

There will be many dignitaries reviewing the parade, which is sponsored by the Spring Valley Chamber of Commerce. Seats will be reserved for members of the chamber and their guests.

Many owners or managers of new businesses in the Valley have joined the Chamber of Commerce, along with property owners, and it's good to see the strength that's growing with the membership. The hall has been renovated, and there are many community improvement projects on the fire. With more help, our community would prosper more rapidly.

BICYCLE SAFETY PROGRAM STARTS

Avondale PTAs safety chairman, Dean McRevey, can take a well deserved bow for being instrumental in setting up a new type of bicycle safety program in our schools. On contacting Officer Annis of the California Highway Patrol, to set a date for the regular bicycle safety program, Dean was told of this new idea, followed through, and a schedule was set up for all the schools in the area. Another important job done because someone took the time and cared enough for the safety of children to try.

SECURITY BANK'S INDEX of business activity in Southern California registered a firm advance in September of 228.3 (preliminary), achieving a new record level for the fifth time in six months, and more than regaining the slight decline recorded in August (226.3), and 6.4 per cent over the corresponding period a year ago.

Social Security Question Box

By Dirk Smith, area social security representative.

Readers are welcome to send Mr. Smith questions concerning social security in care of this newspaper. Questions will be answered whether or not they're used in this column.

QUESTION: I applied for disability protection 3 years ago but learned that I hadn't worked long enough to be eligible. Is it true that you've changed your law so that you need less work to get payment?

ANSWER: Not so far as disability payments are concerned. The change which involves less work refers only to retirement payments, age 62 for both men and women. The amount of work needed for disability payments remains the same.

QUESTION: My father has been receiving disability payments since 1957 or 1958. Last week he got a notice from your office which says that he is not disabled any more and his payments will stop. Is the check he got dur-

ing the first part of June the last disability payment he will get?

ANSWER: Your father will receive payments for 2 months following the month in which he had recovered from his disability.

QUESTION: I retired in 1957. My wife and I draw a total of \$174 a month. In 1959, I earned \$1240 and we lost the entire \$174 benefit for one month, all because of an extra \$40. Can't something be done to prevent this kind of penalty?

ANSWER: It has. Under the new law, you will be assessed \$1 for every \$2 earned in excess of \$1200 up to a total of \$1700. Benefits will be earned in excess of \$1200 up to a total of \$1700. Benefits will be reduced by \$1 for each \$1 earned over \$1700.

Around Our Valley:

News and Views from Spring Valley

By Tommy Thomas

Voice Of Pessimism Can Be Wrongest

Someone not too long ago, I can't recall at the moment who it was, was explaining the difference between a pessimist and an optimist. A pessimist, he said, tells you there are 25 per cent of the people out of work, and an optimist tells you there are 75 per cent of the people working.

The same thing applies to the youth of our area. There may be quite a few "bad ones," but on the other hand there are many "good ones." The papers lately have been full of news of juveniles who have become involved in petty thefts and other "dark side" activities in our area. But what about the "good ones?" There are a host of them. Many of our local clubs, organizations, and churches are doing a splendid job to keep the youngsters on the "straight and narrow."

I was quite impressed recently with the effort that is being exerted by our new Spring Valley Kiwanis Club in its youth program. Several young men from the new Monte Vista High School, who are being active in the newly formed "Key Club" (a youth organization of Kiwanis) were guests at the Kiwanis 7 a.m. breakfast meeting at the Chamber of Commerce Hall. These youth have a "lot on the ball" and it was easy to see what their aims in life are, when they unhesitatingly got to their feet and told about their organization and its future.

And other local groups more and more are concentrating on "youth." It's no wonder quite a few residents of the area are 100 per cent in favor of a youth center for the Valley. I know of several who are ready to

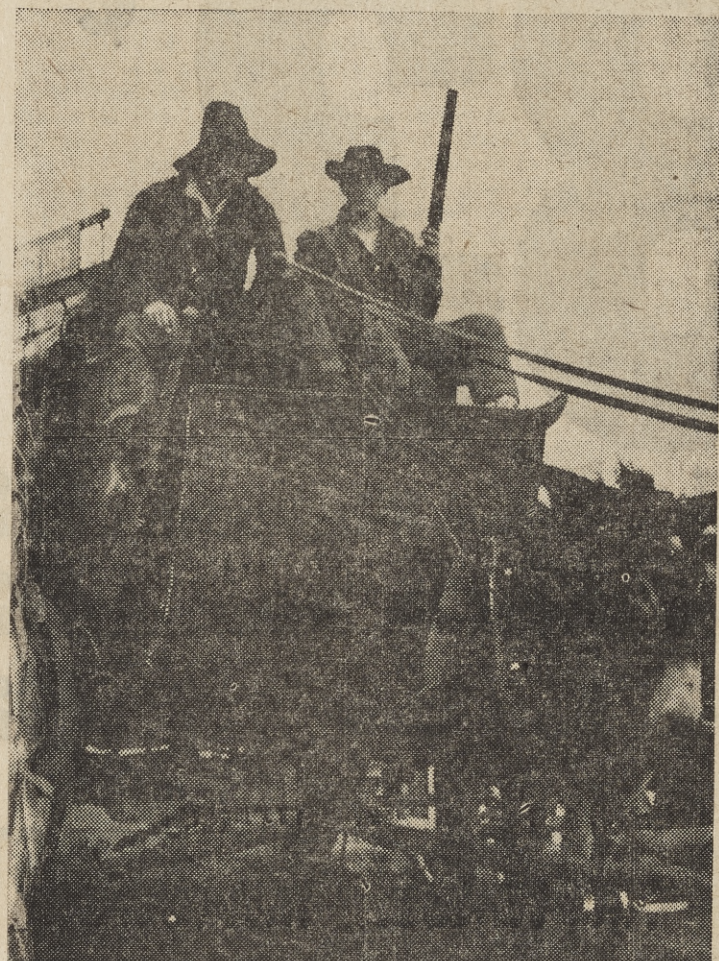

pitch in and help to get a center going as soon as preliminary technicalities are cleared up. The first one being where to establish such a center. But this is being worked on by several people.

I am hopeful that as time goes on more and more local people will come forward and volunteer their services to help get the youth center started. Why not let me know your views on the subject?

—O—
Congratulations to Bob Todd on his new business in Casa de Oro; the Casa de Oro Auto Supplies and Parts. Bob has been a hard worker in our area during his few years here. Right now he's the chairman of the S.V. Lions Club polo clinic; a worthy cause if there ever was one.

—O—
I wonder if there are any of you good friends and neighbors who ever attended the old East End (or Logan Heights Elementary) School. I have come across several old school mates in this area in the past few years. Anyhow, all former (boy) students of the old school are invited to the annual reunion, which is scheduled for Nov. 3 (Friday night) in the Weber's Bakery hall, at 1955 Julian Ave., San Diego. Try to attend; you'll have a good time.

—O—
A couple of congratulations are in order: to the Grossmont Junior College for its brand new tabloid publication, "Grossmont Collegian." It's a fine looking sheet, which will be published (for the present at least) once a month. Professor of journalism Ray Reynolds is responsible for the format of "Grossmont Collegian." By the way, "Thanks a

OLD WEST RELIVED—The gang from Poker Flats Ghost Town invaded the Spring Valley Center last Saturday. Things were mighty warm for the first hour due to all the gunfire, shoot-em-outs, etc. The kids were treated to free rides in the Poker Flats authentic stage coach. An impromptu hold-up exhibition was held scaring the daylight out of all the girls at the Savon Drug Store. It was fun for all a la the Old West.

Smokey Rogers Buys Cafe In Spring Valley

Smokey Rogers

Smokey Rogers, disc jockey, television personality, band leader, song writer and operator of the Bostonia ballroom, is going to share his talents with Lemon Grove and Spring Valley people.

Beginning right away he has taken over the operation of Kennedy's, a cocktail bar at 1111 Sweetwater rd., at Jamacha blvd. in Spring Valley.

He said he is changing the name to Smokey's Crossroads, a dance and drink emporium that will be open seven nights a week with dancing Wednesday through Sunday. Coy Worley and the Travellers will supply the dance music.

Rogers wrote two well-known songs. Both achieved national attention. "Since You're Gone" brought him wide acclaim. Spade Cooley, now in the toils of the law used Rogers' "Shame, Shame, On You" as a theme.

Smokey's Crossroads will have a formal opening in mid-November, soon after he concludes his Country Music Concert Nov. 10 through 12 at Circle Arts theatre.

He said there would be a "do-it-yourself" party every Sunday with "pickin'" starting at 4:30. Wednesday is set as ladies' night.

He said his cafe would feature a "town and country" atmosphere.

lot Ray, for the first copy of your paper."

The second congratulation is to the Spring Valley Junior High for its publication "Highlights." As usual, this little sheet is very "newsy."

—O—
I understand the new Monte Vista High School now has its own newspaper. But more about that next week.

—O—
You folks know we have a great number of dogs in Our Valley. But did you know there are also a great number of cats here? Which brings me to the subject of "Cat Week" sponsored by the American Feline Society, Inc., and which is being celebrated during the week of Nov. 5. So remember, "Kitty, kitty, kitty, it's your week."

Prowler Caught After Chase Over Freeway 94 Fences

A typical Mako Sennett race was run at three o'clock in the morning Oct. 30 in the vicinity of Mason drive and Grove street, Lemon Grove, when deputy sheriff's chased a prowler from the hillside in the rear of the Channing P. Mason home 8280 Imperial ave., Lemon Grove.

Mrs. Mason was awakened at 2:30 a.m. hearing a person stumbling around and cursing on the hillside to the rear of her home. She called to the person, who answered her with obscene and abusive language. A neighbor close by, hearing the disturbance, tried to quiet the man down and was told that he had a gun and if not left alone he would shoot just for a kick. Mrs. Mason alerted the sheriff's department.

When the answering unit arrived at 3 a.m. and the man was hit by the spotlight, he jumped up and ran and then the chase began. A barking dog led the deputies to where the man was crouched under bushes, and he jumped and ran again. An order to halt was ignored as he scrambled up over the 7 foot chain link fence on Highway 94. Deputy sheriff Neil Willoughby scrambled over the fence after him and found him down the side of the bank on the south side. When ordered the man ran across the freeway and scrambled over the fence on the north side and was halted on Grove street which runs parallel to the freeway at this point.

Jerry Hayden Folland, 21, was placed under arrest and taken to county jail. The record shows that he has 10 counts against him for previous arrests between April 1956 and the present 1961, which makes 11 for him.

Joe Cascio, on whose property Hayden was found said he had no lawful business to prow around there.

CHECK FORGED
The Bradshaw Market, 1805 Massachusetts, Lemon Grove, reported through its market investigator W. R. Lee, that a no account check from the La Mesa branch of the Bank of America was passed on the market for \$41 Oct. 4. The personalized check bore the names of W. H. Smythe and Jeanne Smythe. The report from the investigator is that the signature was forged.

CHECK BOUNCES
A negro who has been a customer of Eugene A. Mouillesseaux, owner of Broadway Texaco Station at 7196 Broadway, Lemon Grove, passed a not sufficient fund check on him for \$25 and has gone to New York, according to his inquiry. Mouillesseaux expressed surprise as he said the man had done business with him for some time and operated his own business at 8183 Commercial st. La Mesa under the name Walt's Auto Body Shop. He said he had cashed numerous small checks and all had been good.

JUVENILES BURGLARIZE EIGHT HOMES HERE

Two juveniles from San Diego, with an amazing record of crime over the past four years, were arrested last week by the

sheriff's department. They were charged with complaints from at least eight victims in Brookside and Spring Valley.

The victims were Louise Gertrude Kemple, 3244 Par Dr., Brookside; Roberta Jean Schaich, 3659 Birdie dr.; John Anthony Neenan, 3701 El Canto dr., S.V.; Donald Collins, 508 Alene, S.V.; Patricia Harlow, 945 Carlsbad, S.V.; Clarence J. Snipes, 933 Carlsbad, S.V.; James A. Scott, 1742 Bonnevill dr., S.V.; and Peter Koziak, 738 Carlsbad, S.V.

The juveniles, Thomas Eugene Teplansky, 14, and William Ward Matheson, 15, runaways from the Boys and Girls Aid Society in San Diego are wanted by the police in Santa Ana. The two boys persuaded another boy, 14 years of age, to join them.

Teplansky boasted that he had committed more than 100 burglaries at Camp Pendleton where his father is serving as a tech. Sgt. He said he had profited by \$127 in a Long Beach burglary of a business firm.

After the boys left Boys and Girls Aid, they broke into a house in Mission Valley, poured whiskey and wine they found there into a bed and broke eggs on the floors. They stole money. They committed two more burglaries before turning toward Brookside and Spring Valley.

The boys, sheriff's deputies said, were quite proud of their work before being picked up by the officers.

BIKE FOUND
A racing bike, green and grey, was found by 11-year-old Kenneth Hayes of 9142 Kenwood dr., S.V. He found it in a culvert in the 9100 block of Campo road.

SERVICE STATION RANSACKED
Burglars ransacked the P&C Richfield Automotive Service, 10605 Campo rd., S.V. last week taking cash, a lady's wrist watch, and the contents of the

coin box of a soft drink machine.

LOSES STABILIZER
Harry Wilson, owner of the Lemon Grove Glass Co., told sheriff's deputies that a pair of Helwig stabilizer springs had been taken from his Pontiac. He set the value at \$25.

BAR BUFFS BEATEN, LADY PATRON ROBBED

Three men and a woman from Salt Lake City complained to sheriff's deputies that they were battered as they left Kennedy's Bar, 1111 Sweetwater rd., S.V. Thursday morning about 2 a.m.

DuWayne Butler, 27 of 1290 Koe st., L.G. and William E. Butler, 23, of 8863 Kelburn st., S.V. said that four persons attacked them with fists and shovels.

During the fracas, the woman, Mrs. Florence Pearl Thayer, said a purse disappeared from her car. It contained \$195 in cash.

WOMAN'S CAR MOVED
Mercedes A. Reed, 6826 Central, Lemon Grove, reported to the sheriff's department that her car had been removed from the north side of Central in front of her house the night of Oct. 27. She began a hunt for the '48 4-door Pontiac, in the area, and found it at the bottom of the hill approximately a block from 6826 Central parked at the corner of Hibiscus. No evidence that the ignition had been tampered with, and it is assumed that prowlers rolled it down the hill.

HUBCAPS MISSING
Four hubcaps were removed from the car of George William Kraft Jr., 1948 Ensenada, L.G., he told sheriff's department between Oct. 24 and Oct. 27. The car, he said, was parked in his driveway in front of the residence.

BIKE TAKEN
Jerry Lee Birchfield, 10300 Ramona dr., S.V., a student at Spring Valley Junior High, reported to the sheriff that while he was practicing football his

J. C. Higgins 26" 3-speed bicycle was taken. It had a black seat, hand brake and a paper boy's tandem. There were two new tires.

BIKE FOUND

Ronnie Wilson, 2739 Imperial ave., while going to Golden Avenue school at 8 a.m. Oct. 27, found a Huffly made in England 3-speed bicycle with rusty chrome fenders. Name on the seat "Lycett." It was found lying in the grass near the bushes on the north side of Golden Avenue, Lemon Grove. It was taken to the property room at Lemon Grove substation.

CELEBRANT BLOCKS TRAFFIC, BOOKED

Clarence McMillion, 34, 524 Hotz street, south Spring Valley, his mind befuddled by too much celebration, chose the intersection of Sweetwater Spring road and Highway 94, to pause halfway on the berm

and halfway in the highway, effectively blocking the west-bound traffic at 8 p.m. Oct. 27. The sheriff's unit coming along, took him under their protection, gave him a sobriety test which he could not pass in any respect and drove him to the county jail, where he was booked.

WANTS BATH BACK

Charles Trachta, 551 Alene st., Spring Valley, would like to have his bird bath returned from where it was taken in his back yard the night of Oct. 27. It is a two-piece bath with 10 inch round dish top weighing 125 lbs. Value \$8.

SCHOOL DAMAGE \$450

Two teenage Casa de Oro boys are listed as suspects in the breaking of skylight windows last week at the S.V. junior high school.

According to school principal Fred S. Griffen the replacement cost is over \$450.
